
3/3/2025

Hello,

We are writing to inform you of possible price adjustments that may affect some of our products. Recent tariffs on goods from overseas are affecting the supply costs of every garage door manufacturer throughout the country, and every supply chain.

We are currently working to assess the full impact of the tariffs and determine necessary price adjustments. Additionally, we are taking steps to diversify our supply chain in order to limit the impact on our pricing. We will notify you of any specific price changes and conditions as soon as we receive confirmation from our vendors.

Please note that while our quotes are generally good for 30 days, they are now subject to change, based on the actions of our suppliers, and inflationary pressures.

Thank you for your understanding, and your continued partnership. Please feel free to call us with any questions or concerns.
